Revision of the scale of Octroi and Conservancy and Sanitation Establishments of Davangere Municipality

Sir,

In forwarding herewith letter No H C 123/44-45 dated the 9th March 1945 received from the President, Town Municipal Council, Davangere, on the above subject, I have the honour to state that the letter of the President is self explanatory and the reasons assigned for increase of establishment are true The question of enhancing the establishment was placed before the Municipal Council at its meeting convened on the 30th December 1944 when it was resolved that the revision of establishment as detailed in the enclosed proposition statement may be recommended for sanction, the extra cost on this account being met out of the closing balance at the credit of the Municipality

There has been increase in the income under Octroi during the last three years and is nearly twice as much as it was in 1940-41, and hence the need for enhanced establishment

As regards the increase of one conservancy Daffedar proposed by the council, the reason that the town is growing day by day is acceptable

In enclosing herein a copy of the resolution of the Municipal Council, I request that Government may be pleased to accord sanction to the recommendation of the council to enhance the establishment as detailed in the proposition statement

I have the honour to be,
Sir,
Your most obedient Servant,

Deputy Commissioner,
